Brothers and Sisters

We are being Called into an intense Spiritual Battle. Brother John Bursch, Legal Counsel for the Michigan Knights of Columbus, on April 2nd will be arguing Medina v. Planned Parenthood in the U. S. Supreme Court. Below is John's statement:

On April 2nd, I will be arguing Medina v. Planned Parenthood in the U.S. Supreme Court. I represent the State of South Carolina, which tried to defund Planned Parenthood as part of the State's Medicaid program because Planned Parenthood provides abortion. Planned Parenthood and a former client sued and obtained a permanent injunction that compels South Carolina to keep Planned Parenthood in the Medicaid program. If successful, the decision in this case will open the door for many more states to defund Planned Parenthood without the risk of federal-court litigation.

I'm hoping that we can ask our Michigan Knights (and all U.S. Knights, if that's possible) to pray for the legal team in its preparation, for the Justices in their deliberation, and for all those impacted by the evil of abortion.

Many thanks, and God bless

Brothers and Sisters, this is a Battle that we are called to fight! We must stop the funding of Planned Parenthood which murders the innocent. We stand out in front of these abortion clinics and pray the Rosary for the life of God's Children. Brother John Bursch is taking this fight to the Supreme Court. We need to help John and the legal team through intense prayer. We have the ability and strength to fight and WIN this Spiritual Battle through the intercession of our Holy Mother.

Starting May 6th, pray a Rosary each day for this intention until the end of this Supreme Court Battle, if you have the book on Spiritual Warfare, I suggest praying the Mysteries that are in it. These Mysteries take you deeper into the mystery and while meditating on them they make you feel that you are there with Christ. Helping John and his legal team win in this Spiritual Battle, we begin the shutdown of Planned Parenthood by taking away their funding and giving God's precious children the ability to live and defeat the Evil taking their lives. Defeating Planned Parenthood in the Supreme Court in South Carolina will make it much easier for us to defeat Planned Parenthood in every State in the United States.

Get in the FIGHT!

PAX

Bob "Ace" Bagley
